

PINNACLE

Water Treatment

WS1EE AIO Chem-Free Iron Filter

When water quality matters, Pinnacle residential water softeners and filtration systems deliver. Featuring Clack's patented technology and backed by superior after-sales support, Pinnacle systems are designed with Canadian families in mind.

The Clack WS1EE AIO Series Residential Iron Filter is designed to eliminate problem levels of iron in your water. Discolored fixtures caused by orange iron staining can be a significant problem in rural water applications. Our AIO series is also designed to oxidize and eliminate the 'rotten egg' smell associated with sulfur.

**Water treatment solutions engineered
for your unique water needs.**
